GILBERT PICKED TO WIN.

Has One More Match in Consolations at Tennis.

Walter E. Gilbert won a match from Robert Briggs, 6-3, 1-6, 6-1 and 6-1, Tuesday afternoon in the consolation singles of the tennis tourney at the Regue club grounds. This will be the final match of the tournament and will result in the championship of the tournament unless Woodruff Sullivan defeats him in their match in the semifinals, which will be played only partially on Wednesday. Gilbert has a lead of 4 to 2 games on Sullivan. They are to finish it off on Thursday, having started the match Monday afternoon.

Playing Briggs on Tuesday, Gilbert started by winning the first set, but Briggs came strong in the second set and won it, 6-1, evening the match to that point. Both players stuck to a base line game throughout the match and many of the rallies were long and well played before the point was decided. Briggs worked a number of nice backhand pickups which won him point after point. Gilbert played steadily, consistent game, placing carefully to the corners. His experience showed against Briggs, who put out a good game for his first season of play.

Gilbert's steadiness won out in the last two sets rather easily, taking both by 6-1 scores.

Case Continued.

Edward L. Root, charged with obtaining \$500 from Mrs. D. D. Bucklin of Stonington under false pretenses, did not have a preliminary hearing in the New London police court Tuesday, although the case was continued last Friday until Tuesday morning.

Root's attorney could not appear this morning, owing to an engagement which he had previously postponed. The hearing was postponed a week and the bond of \$2,500 was renewed.

Put Holes in Window.

A plate glass window in the front of the Del-Hoff cafe had a hole punched out of one corner of it Tuesday afternoon by an express team that was backing around in the street. Some men from rods stuck out of the back of the wagon and were punched through the window as the driver was backing his horse around.

Concerning Bridges.

Concerning bridges, for which \$1,000 was spent last year, Mr. Spaulding explained that it is desired to start the rebuilding of certain bridges with concrete to make them permanent and do away with yearly repairs. Mr. Donovan thought \$1,000 enough for this year, but he moved that the amount be made \$1,100, saying that if that was increased he would have to vote against it. The hearing was postponed to the first vote his motion was declared lost, but he doubted it, and it was put over when it was so decided that he moved to make it unanimous against his motion. The \$4,000 was appropriated.

On the election account.

On the election account, Chairman Spaulding explained that the extra election occasioned by the vote to consolidate schools, which must be held in June, will increase the election expense, and it is thought \$4,500 will be required. To J. T. Fanning it was stated by the town clerk that it would be paid by the town. The election was held by the town. The election was held by the town. The election was held by the town.

TOWN TAX OF 7 1-2 MILLS VOTED

Three Hour Session of Town Meeting Provoked Much Discussion—Otis Library and Academy Tuition Passed but Voting Machines were Beaten—Norwich Town to Have Lights.

At a three hour session of the adjourned annual town meeting Tuesday evening, in Town hall, there was a very large assembly, numbering 100 or more. There were a number of speakers on the various topics of importance, resulting in the lengthy discussion of several matters which prolonged the session. In addition to the estimate submitted by the selectmen in their report, an increase for the town on town school committee after consolidation becomes effective, and because of the increase in the commutation tax for the state, which the selectmen would like to have increased, were made up. To offset this \$3,800 increase there will be received over \$4,000 from the state. The selectmen had not been included in the estimated receipts, as the indications at the time the estimate was made up were that the personal tax law would be repealed. The Otis library and academy appropriations were voted, and the school visitors and the trustees of the Otis library were approved. Salaries were fixed as follows: First selectman, \$1,000; second selectman, \$800; town clerk, \$200; town treasurer, \$500; collector of taxes, \$100; school committee, \$100; school visitors, \$100; all being the same as last year.

It was stated that other towns are having the present office building, and it is desired to do so here. A sanatorium in the county has been built, and it is desired that the town should have one. The selectmen are now kept at Meriden.

Reports Accepted.

The reports of the town treasurer, treasurer of the town deposit fund, the sinking fund commission, the health officer, and the school committee, were accepted. The selectmen of the Otis library were approved. Salaries were fixed as follows: First selectman, \$1,000; second selectman, \$800; town clerk, \$200; town treasurer, \$500; collector of taxes, \$100; school committee, \$100; school visitors, \$100; all being the same as last year.

Acting School Visitor's Salary.

When the salary of the acting school visitor was taken up a resolution from the selectmen was presented to the effect that the salary be increased to \$1,000.

Henry G. Peck spoke in favor of this, saying that the present office building is in a bad state of repair and it is desired to have a new one. He said that he had saved the town much money. Nicholas Tarrant spoke against it, as did Albert Boardman, who said he had had to pay for the new building. The selectmen were not greatly impressed with a school visitor's work. The \$500 means \$12 a week, or more than the average man earns. The work is done in a few minutes. He said it is almost impossible to get a school visitor to get at teaching. When schools are consolidated no visitor will be needed.

F. H. Cranston told of the excellent work the acting school visitor had done in the past year, and he recommended that the salary be increased to \$1,000.

For the \$4,500 for the Otis library a resolution was presented by G. S. Raymond in its behalf and he said that for 18 years it has been voted and the people given the privilege of a free library. It amounts to only a quarter of a mill tax, and it is a very small amount for 40 cents for each taxpayer. He believed it should be unanimously voted. The appropriation was approved.

Voting Machines Beaten.

A resolution asking for \$5,000 for voting machines, ten in number, was presented by E. B. Wright to the selectmen. Boardman asked if they could be leased but was told they could not. When the selectmen were asked if they would like to have the machines, they said they would like to have them. The selectmen were asked if they would like to have the machines, they said they would like to have them. The selectmen were asked if they would like to have the machines, they said they would like to have them.

State Road Money.

Concerning the \$1,500 for the state road, which was objected to and the town clerk read from the 1909 record, showing where \$5,000 was appropriated for the state road, he said that the state road was not used. He said the state road was not used. He said the state road was not used. He said the state road was not used.

Edward L. Root, charged with obtaining \$500 from Mrs. D. D. Bucklin of Stonington under false pretenses, did not have a preliminary hearing in the New London police court Tuesday, although the case was continued last Friday until Tuesday morning.
